Introduction to KAIST

- Est. in 1971 as the national's first graduate school specializing in science and eng. education
- Merged with KIT and main campus moved to Daejeon in 1989
- Bilingual Campus

Faculty & Staff (1,588)

■ Faculty
■ Staff

Students (9,746)

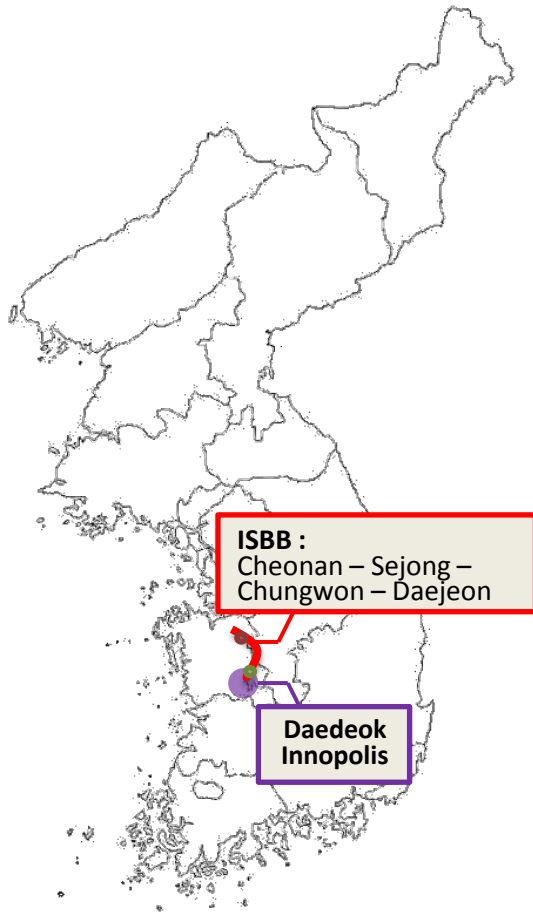

■ BS ■ MS ■ Ph.D.
■ M.S. -Ph.D. Integrated degree program

Budget (751 Million USD)

■ Government Subsidy
■ Research Grants
■ Donation & other income

Surrounding KAIST_ Daedeok Innopolis_ International Science Business Belt

• Daedeok Innopolis : R&D Special Zone_

15% National R&D spending, 11% of Ph.D-level Researcher
Korea's Silicon Valley

Status (2011)

30
GRIs

5
Universities

48,057
Patents
(Accumulated
39,052 Domestic,
9,005 Int'l)

24,434
Researchers
(9,005 Ph.Ds)

1,179
Companies

15.5
Total Sales
(Billion USD)

※ GRI : Government Research Institute

• International Science - Business Belt (ISBB)_

World top class Science-business cluster
(Cheonan – Sejong – Chungwon - Daejeon)

OBJECTIVE

Making base for the development world class innovation cluster based on science

PROJECT PERIOD /TOTAL BUDGET

1st stage : 2012-2017(6 yrs*), USD 4.5billion

*Before the end of the stage 1 of the project, next stage will be planned.

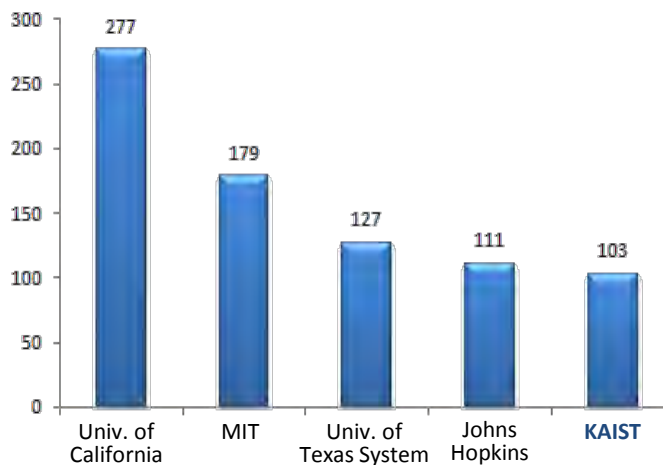

PROJECT DETAILS

- 1) Establish a world-class Basic Science Institute
- 2) Install a heavy ion accelerator
- 3) Lay the business foundation for the sustainable and urban growth

KAIST Research Strategies and Achievements

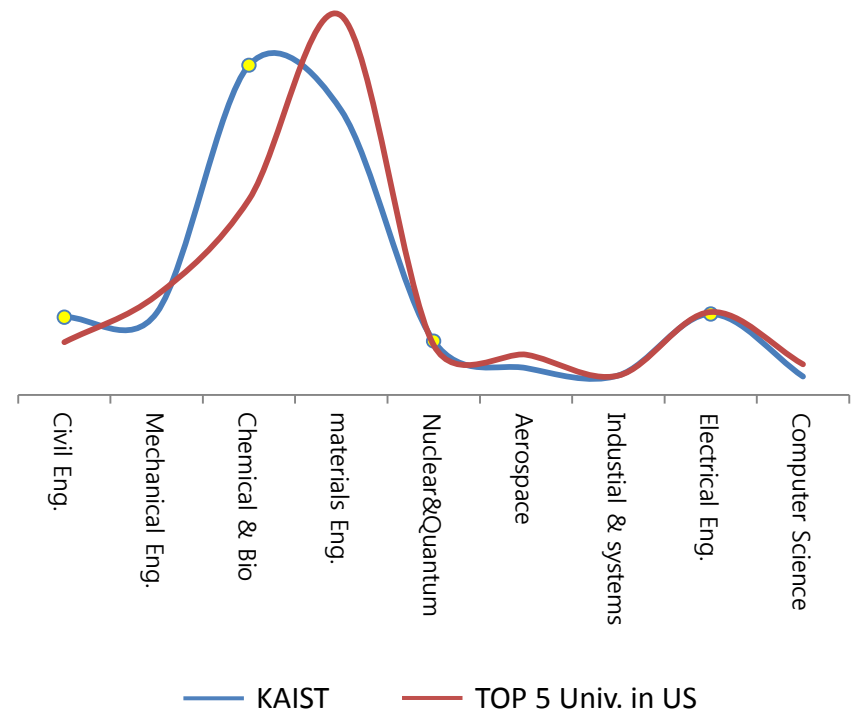

KAIST Research : HRHR_

World Rank 4 Univ. of PCT in 2011

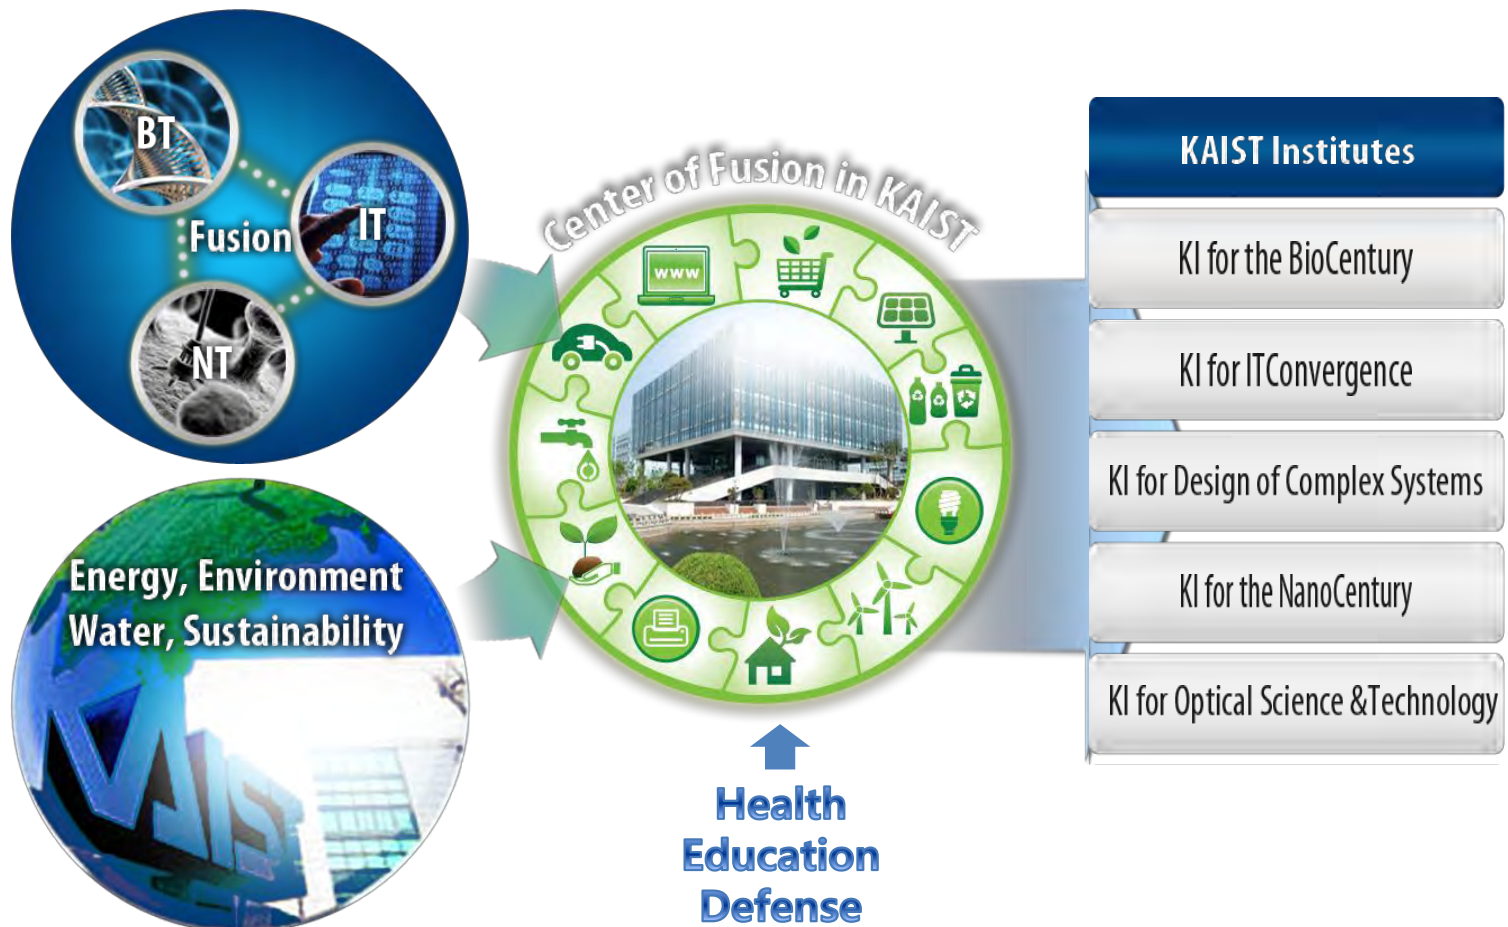

* PCT(Patent Cooperation Treaty) Yearly Review :
The International Patent System in 2011

Comparison of JIF(Journal Impact Factor) in 2011

KAIST Research Strategies and Achievements

KAIST Institutes (KI)_

/ Online Electric Vehicle Project (OLEV)

OLEV has pick-up devices under vehicle

to collect the magnetic field generated by power under the road and convert the electric energy.

Breakthrough Research for Battery & Charging Problems in existing Electric Car

Main Achievements

Patents : total 178 (International 63)

International Pilot Projects

- Park City in Utah, US in August 2010
- Kuala Lumpur Airport in Malaysia in June 2010
- Logan Airport, Boston in January 2011

Novel maritime container transport system

That can go out to a ship anchored in the deep water and load/unload containers on sea

➡ *Very challenging and never tried before*

/ Mobile Harbor (MH)

Robot arm automated docking system

Maintain relative position between ships by using an automated robot arm & winch

Mobile Harbor

Stabilized crane

Keep the crane stabilized at any sea conditions by applying position, swing-free, tilting and heave control

Multistage trolley

Control trolley's motion in local x and y axis for swing-free and position compensation

Cable control system

Control tensioners and hoist drum for the vertical and tilting motions of a spreader in response to ship motions

Auto positioning spreader

Secure a proper position for a spreader on top of a container even with the deviation from the target container

Main Achievements

- Patents : total 178 (International 27)
- Papers : total 92 (International 36)

Industry Cooperation

- POSCO (2010 - 2011, 351 Thousand USD)
- USA Navy ONR (2011, 100 Thousand USD)

Saudi ARAMCO-KAIST CO₂ Management Center

- KAIST and ARAMCO, the national oil company of Saudi Arabia had a opening ceremony of the Saudi Aramco-KAIST CO₂ Management Center on Feb. 20th, 2013.
- The CO₂ Management Center will be responsible for CO₂ application research, converting CO₂ into the energy source of the future.

2012 Thomson Reuters Top 100 Global Innovators

KAIST has been selected as 2012 Thomson Reuters Top 100 Global Innovators.

There are only two universities in the world that was selected by Thomson Reuters Top 100 Global Innovators.

Exchange Programs at KAIST

- **Student Exchange Program**

- Student exchange agreements: 94 in 31 countries
- Diverse races: 54% from Europe, 24% from Asia, 18% from America, and others
- English Lectures: Most of major courses
- TKT Campus Asia Consortium: Tokyo Institute of Tech., KAIST, Tsinghua University
- Scholarships
 - Global Korea Scholarship(GKS) Program: Korean government
 - Science without Borders Program: Brazilian government
 - Scholarship students from Saudi Arabia: Saudi Arabian government
- NASA Ames Research Program for KAIST Post-graduate students
- *More Information: <http://irt.kaist.ac.kr>

- **2013 KAIST International Summer School (2013 KISS)**

- Period: July 1st to 26th (4 weeks)
- Tuition fee: USD 400 per credit (Avg. USD 2000) / Dormitory Fee: USD 150/
Cultural Activity Fee: USD 150
 - * Tuition fee may be waived for students from partner universities
- 'Global Entrepreneurship', 'Vector Calculus', 'Introduction to Programming',
'Idea and Expression', 'Vision, Brain and Arts'
- Korean language courses, cultural programs, industrial tours and others
- *More Information: <http://summer.kaist.ac.kr/>

2012 International Presidential Forum on Global Research Universities(IPFGRU)

Theme | Effective Education and Innovative Learning

<http://forum.kaist.ac.kr>

- **Date** | October 16, 2012
- **Venue** | Westin Chosun Hotel
- **Participants** | 37 institutions in 20 countries / 16 presidents 23 VPs, Deans

2013 IPFGRU

- **Theme** | The Role and Responsibilities of Research Universities: Knowledge Creation, Technology Transfer, and Entrepreneurship
- **Date** | October 15, 2013

Startup Venture Business

2010 KOSDAQ Alumni Corporates

Successful student startup companies

**TICKET
MONSTER**

- Co-founder of Ticketmonster Co.
- Ranking 1st Domestic Social Commerce
- Achieve 20 million dollars in cumulative sales through 7 months since established

- Established Humotion co. in 2008
- Award KOREA President Prize, Talent
- Achieve 7 million dollars in cumulative sales since established

- Development of Virtual finger Idea
- Royalty income 6.5 hundred thousands
- 60 applications & 15 registrations of Intellectual property rights through 2 years

THANK YOU!
